New York, April 15.—The events to be contested at all American Olympic tryout meets this summer will be the regular Amateur Athletic union standard track and field competitions in place of the Olympic metric events that will prevail at Antwerp. This decision announced today is necessitated by the fact that the final trial for places on the American team, which will sail for Belgium on July 24, will be held in conjunction with the Amateur Athletic union championships.

The outlook is very promising for the coming season and Coach McKay appears to be well satisfied with his band. The veterans of the squad are W. Meek (captain), Bill Ringland, Pep Whitney, Fitzgerald and Long John Keepan. With this bunch as a nucleus, the team is in a fair way to device in the earn is in a fair way to device in the a humdinger.

Among the recruits, Paradis, Jackie Young, Crowell, Q. Meek and Morgan appear to the best advantage. Paradis especially is showing the class as second base and looks already like a fixtere. Jackie Young is covering the initial sack.

Manager Metzger has eliminated all the phoney teams from his schedule, such as the Shore Line team and the socalled All Siars, and in their stead he has secured fast school teams. With the renewed interest taken in baseball, now that the country is running on even keel, the management hopes that the local fains will back up his boys by attending the games and rooting for them like they used to do in the old days.

FINANCIAL AND COMMERCIAL

New York, April 15.—Trading in stocks was active with a strong tone at the outest of today's session, in disregard of the higher discount rate announced by the Bank of England, but the market became irregular later when money and the labor situation overshadowed all other considerations.

This partial relaxation was accompanied by a vigorous raily, especially in the more prominent "pooled" shares. Several of those issues attained maximum prices of the day and the general list made up a large part of its loss.

Among the strongest and most

Among the strongest and most conspicuous issues were Vandium and Replogie steels, in which dealings far exceeded many of the usual favorities at net gains of 6 1-8 and 7 points, respectively. Consolidated Textile at an advance of 3 1-4 and several of the motor specialties.

Olls were under pressure, although moking only moderate reactions with shippings and rails, but sugars, with a few exceptions, yielded much of their recent gains. Seasoned equipments and steels also were subjected to variable reversals on profit-taging. Sales amounted to 1,300,000 shares.

Advices from the principal centers of industry indicated that the rail-road strike had assumed more cminous aspects. The Pittsburgh district, for example, reported almost

complete suspensions of operations at mines and leading mills. Yet another disconcerting feature was the further precipitate decline of Liberty bonds and Victory notes, vir-tually all of which established low-est quotations in their history on en-

larged offerings.

The general bond market reacted fractionally to a point, internationals holding steady. Total sales, par value, \$17,650,000.

ers were placed after the pitchers had been selected. He said he also knows of a certain hotel waiter who was paid \$5 a day by a gambler, for obtaining from the visiting manager the name of the pitcher who was to perform for the visiting club that day. "Most of the betting is done in the pool rooms downtown," said Mr. Mitchell, "and I believe if the proprietors of these places do not know who is going to pitch they will not be so keen to accept wagers. By withholding the name of the pitcher, I believe much of the gambling will stop.

"If we desire to keep the sport pure, gambling must be cradicated, The Chicago club is to do all it possibly can to stop it. President William Veeck always has taken steps to keep it out of the ball park in Chicago, and I am going to attempt to keep the men in the pool rooms from betting by giving out the pitcher at the last moment.
